Royal Leamington Spa Town Centre

For a small town, we are blessed with a lot of places to find art.

Leamington town centre boasts twelve galleries, specialising in everything from photography and decorative arts, to street-inspired, contemporary works.

With affordable art from 'the next big thing' or investment pieces by famous names, there's something for all tastes and budgets.

Though it's OK just to look too. The art is there for everyone and you are invited to go and enjoy it.

Leamington's thriving art scene is also enhanced by annual events, such as *Art in the Park* and *Warwickshire Open Studios*, permanent and temporary exhibitions of national and international significance at *Leamington Art Gallery & Museum* and out on the streets and canal paths.

Find out where it is all happening on this map and check out www.royal-leamington-spa.co.uk or follow us on social media to stay up to date with everything that's going on.

This guide has been produced by BID Leamington with funding from the businesses featured within. All information correct at the time of going to press.
